

CLUBS & AMENITIES COMMITTEE MINUTES

MAY 4, 2021...10:00 AM ...GAZEBO PARK

Present: Laurie Petrie, Mary Delamater, Marilyn Mason

Absent: Valerie Schuyler

1—Amenity Key Card Distribution

Laurie advised the committee of the House Committee's plan for distributing the new amenities key card and asked if C&A would be open to helping out if needed. Members were open to helping.

2 – Thoughts on Building Hours and Reopening Rollout

We really got into a discussion of reopening in general and talked about the possibility of Washington County moving to extreme risk. Some members feel we are moving too slow while others are more cautious. This committee can only make recommendations.

We did decide to review the club application form that Val worked on. Some of the cleaning requirements may have been relaxed so we need to check the guidelines and update that. We also think we should include a room max occupancy chart based on the state risk levels and the continued need for indoor social distancing. Once updated, it will be time to email it out to the clubs. We don't think that the card and games clubs will be able to meet yet or the indoor physical activity clubs.

Decisions will need to be made by the Administrator and or the Board concerning hours that the buildings will be open. This will impact the number of meeting time slots available.

Minutes compiled by the Committee
