

## **Minutes for the LARC meeting on 8/6/2020**

Present: Mary Delamater, chair; Helen Harper; Theresa Upshaw; Cindy Scott; Donna Self  
Unable to attend: Katherine Griffith; Carol Schultz

We discussed how often to meet - decided to meet twice a month. Exact day/time not yet determined, but we'd like to schedule around the BOD meetings so we can take issues to the board in a timely manner when that's necessary.

We discussed how to conduct future meetings, and how to make sure they're public so KCCA residents can attend. Several people would like to meet in person, outdoors, with masks and social distancing, though at least one member said they aren't comfortable with in-person and would call in to someone's phone. Will explore what possible locations there are for an in-person meeting that would allow for the public to attend.

We discussed how to divide up the work of handling LARC violations and project requests. Will need to continue this discussion at the next meeting to work out the details.

Next meeting: To be determined. When scheduled, will notify Administrator so can be posted on the mykcca.com website.
