

Minutes for the LARC meeting on 8/13/2020

Present: Mary Delamater, chair; Helen Harper; Theresa Upshaw; Donna Self; Carol Schultz

Our regular meeting will be the 1st and 3rd Thursday of the month, at 3:30pm, outdoors at the Crown Center. We'll figure out what to do when the weather turns when that happens.

We will skip the 3rd Thursday in August (8/20), since we met on the 2nd Thursday (8/13). Next meeting: September 3

In order to try to make enforcement consistent, we'll make enforcement decisions as a group. We'll assign people to territories and bring any violations to the next meeting and discuss which ones we want to go forward with, and which we want to just keep an eye on.

When we notice violation trends, we'll do articles for the newsletter to remind people of whatever the rule is that's being violated, and to alert people that we're going to focus on whatever that rule is.

The chair will assign project requests as they come in, rather than waiting for the next meeting. We'll pair experienced LARC people with new LARC people to review the project requests. The Project Teams are:

Mary and Donna (with Helen advising)

Carol and Katherine

The teams will review the project requests, do whatever followup is necessary, and make approve/deny recommendations to the chair.

The approved color charts are actually more guidance than anything official. Helen will get some new color charts for us to review at the next meeting.

Committee member Theresa Upshaw passed away unexpectedly on August 17, 2020. We are very sad and will miss her spirit, dedication, and humor.
