**GREENS COMMITTEE
MINUTES
Oct. 8, 2021**

**Joe Wilson, Committee Chair
Jeff Halfman, Golf Superintendent
Pro Shop Mgr, Joy Olmstead**

**Nancy Skirvin Ladies Golf
Pete Ranslow Men's Golf
Dave Mack Lawn Bowling**

Jeff Halfman Golf Superintendent..Course and greens holding up well even after all the hot weather this summer. Greens and approaches healing up well after aerification, plugging and sanding. Greens will be treated once a month for disease through the winter. Summer fertilizer was skipped but will be added in the mix later this fall. Brian crew removing spring flowers for the season. Jeff has a bid from Milroy Golf Systems to dredge the pond sludge. This info has gone to the finance committee. List of equipment that falls into the the reserve category some having been kicked down the road before has also been submitted.

We are still down 1.5 employees. Covid and the hiring wages being offered make it difficult to compete and find employees that stick around.

Nancy Skirvin Ladies Golf.....Our thanks to Jeff for putting out the pink flags for breast cancer awareness month. Thanks also for the non-skid materiel on the railroad ties that were slippery. Ladies golf season ends Oct. 31.

Pete Ranslow Men's Golf. Men's golf will season will be ending Oct. 31, with a lunch gathering at the Club House banquet room or patio depending on the weather on Oct. 28. For next years the men's club will be purchasing a new set of flags for the golf course and I think I was told they will be blue and have to do with prostate cancer awareness month of Sept. Fall handicap is the 5th and the 12th of Oct.,,,,,,

Dave Mack..... Lawn bowling.. Covid issues have slowed down lawn bowling for the year, its getting to be that time of the year also. Need to start looking at replacing some of the boundary boards around the bowling area and get some bids to replace the treated wood..

NEXT MEETING: November 4th 2021
